

Nipple!

(\$NPL)

## What Is The Nipple?

The **Nipple** is the sexiest token of all! A community-driven token that speaks only about sex, love and any other “appetites”, with a sarcastic and fun attitude, without any burdens at all!

With **Nipple**, no one will judge you. You’ll have always someone to... touch. Oh! And feel free to speak your mind!

## Our Vision!

Our vision is to create a community that will support free love and demystification of sex, share and exchange spicy “ideas”, and promote the freedom to sleep with whoever the f\*\* everyone wants.

We live in a world where we have the freedom to say, write, do, and believe whatever we want. And the **Nipple** will be there for you to lay your head on and feel... safe.

**PS:** Have in mind that, due to respect in the **Nipple Community**, dirty words or porn attitudes will not be tolerated. This is a line that **Nipple** will not cross. Such comments will be removed the moment they are posted.

## The Future?

**Nipple** aims to enter the **TOP 10 alt and meme coins worldwide**, having more than **40 billion \$ Market Capitalization**, by using its fun combined with its respectful side and becoming the most credible meme coin of all! How?

**Credibility** comes from:

- 1) By **respecting** the community no matter what, in terms of doing what exactly we promise. (Benefits Plan, creation of a healthy community, etc.)
- 2) By **protecting** the community from rag pull; Your money is safe!
- 3) By being **transparent** and open to new ideas through our social media channels. You can talk to us!
- 4) By **supporting** the community with actions. You’ll be part of Nipple’s **Charity Plan**, by sharing your opinion and actually contribute in any ways possible.

## **Benefit\$ Plan!**

Nipple will... hug EVERYONE who supports it by purchasing and staking it, through 30% of the total distribution. More specifically:

*Everyone who stakes Nipple for 1 month will be receiving back, 1% of the total staking quantity. This applies for every month that the tokens are staked while benefit supply lasts.*

## **What About The Network?**

**Nipple** will be in the Solana network of course! And as its website points “**The Solana network is validated by thousands of nodes that operate independently of each other, ensuring your data remains secure and censorship-resistant**”. Safety and security. What else can someone ask for?
